ASSEMBLY AND INSTALLATION INSTRUCTIONS for the *3533* Fixture

Important Safety information (Please read before proceeding)

1. Remove the fixture, parts and all mounting hardware bags (orange) from the carton and verify that all parts are present according to the illustration sheet. All parts must be used as indicated. Do not replace any parts, leave any parts out, or use any parts which are worn out or broken. **Failure to follow the instructions could cause a hazardous situation, voids the warranty and violates the U.L. listing of the fixture.**

2. To prevent the electric shock, turn off the main power at the circuit breaker before installing the fixture. **NEVER attempt to install, clean or replace bulbs without shutting off the electricity to the fixture.**

3. Never use light bulbs with wattage ratings that exceed the fixtures maximum rating. Always make sure the electric current is turned off before changing the bulbs.

4. If you experience difficulties installing the lighting fixture or it fails to work as expected, please contact a local qualified licensed electrical contractor.

5. Please contact your local Capital Lighting Fixture reseller with any assembly or installation questions. Your local reseller can also provide you with replacement parts for your new fixture.

Components
01. Mounting Bar
02. Mounting Screws
03. Outlet Box Mounting Screws
04. Canopy
05. Ball Knob
06. Center Pipe
07. Fixture
08. Thumb Screw
09. Glass Shade
10. Hex Nuts (8/32IP)

Assembly Instructions for the 3533 Fixture

1. Pass lead wire from Fixture (07) top through Center Pipe (06), then screw Center Pipe (06) onto nipple end of Fixture (07) tightly.

2. Find appropriate threaded holes on Mounting Bar (01), and assemble Mounting Screws (02) into threaded holes with Hex Nuts (10).

3. Attach Mounting Bar (01) to Outlet Box with Outlet Box Mounting Screws (03).

4. Connect fixture ground wire to outlet box ground wire with wire connector supplied; connect white fixture wire to power supply white wire with wire connector supplied; connect black fixture wire to power supply black wire with wire connector supplied.

5. Push fixture to ceiling, carefully passing Mounting Screws (02) through holes in Canopy (04), then verify all wires are securely inside Canopy (04). Finally, secure fixture to ceiling with Ball Knobs (05).

6. Raise Glass Shade (09) over Socket onto glass holder of Fixture (07), then secure it with Thumb Screws (08) provided.
